"Suzanne is without a doubt one of our absolute favorite regular guests. Our phones light up long before she arrives and ring long after she leaves! Suzanne has a wonderful grasp of the need for brevity in this PPM world and the amount of times she just hits the nail on the head for a caller is astounding!"

- Mitch Elliot, Radio Personality on 105.1fm, The Afternoon Buzz

"Suzanne is a wonderful guest. We were a little hesitant to have her on, since she is a psychic and we are a health and wellness show, but her open and honest approach to addiction was just what we were looking for. I would recommend her as a guest anytime, her life experience and her ability to share that experience is GREAT radio!"

FEEDBACK

"Because of your book, I returned to my 12 step meetings. It had been 2 years." -*anonymous*

"I read your book 5 or 6 times, mostly for support and courage, but it's so reassuring that you are a real person. I've given it to friends who have also read it 2 or 3 times." - *Sheila Roberts*

"...It was so wonderful, at times heart-wrenching, unbelievably honest, humble and reinforcing of life - all at the same time! Quite a combination! ... I loved every moment reading it, and will not soon forget it." -*Anna Shubeau*

"As one nightmare after another unfolded in Suzanne's stories, I wondered why I couldn't put the book down. There was an inherent intelligence and goodness that came through in the spirit of her writing. It was unmistakable and gave me faith to proceed; that there was a light at the end of the tunnel. ... I found myself in awe of Suzanne's persistence and courage. Her uncompromising way of presenting the truth of what she thought along her journey inspired and challenged me." -*Anton Uhl*

"A beautiful true story that reads like a page turning novel.Suzanne inspires, enlightens and encourages us on our own path by allowing us to walk along and witness hers. For anyone who's never felt like they completely fit in, you will find new courage to find and be yourself." -*Heidi Chase*

"This book came at just the right time and, perhaps, it even changed my life path. ... By the end, this book felt like a friend to me. I actually became so emotionally attached so that I only wanted to read one chapter per sitting so that it would last longer...and I don't get that way about books! This book moved me." -*Casey Newton*
